

## ***7th grade Math & 8th grade Pre-Algebra School Supplies***

### 7th grade Math Supplies

- \* 3 ring binder & paper
- \* 1 subject notebook
- \* pack of colored pencils or colored pens (either one)
- \* protractor
- \* box of Kleenex and 1 germ-x if you can find it
- \* 1 pack of expos markers

Note: they will need a calculator but not until 2nd nine weeks. 7th grade math will only need Casio ES plus runs about \$8.

However in pre-algebra and every year after that they will need a TI-84 plus this runs from \$89 to \$120. This calculator will work all the way through college. You may get this calculator if you want BUT it's not required for this year. I would say if you decide to get this one SHOP AROUND for the best deal. Last year Target had it on sale for \$89.

### 8th grade Math - Pre Algebra Supplies

- \* 3 ring binder & paper
- \* 1 subject notebook
- \* pack of colored pencils or colored pens (either one)
- \* protractor
- \* box of Kleenex and 1 germ-x if you can find it
- \* 1 pack of expos markers
- \* graphing calculator TI-84 Plus

In pre-algebra and every year after that they will need a TI-84 plus this runs from \$89 to \$120. This calculator will work all the way through college. **You may get this calculator if you want now BUT it's not required Until after Christmas** . I would say if you decide to get this SHOP AROUND for the best deal. Last year Target had it on sale for \$89.
